POLICY 113

BOARD MEETING PROCESS

Meetings of the Board of School Trustees are conducted for the purpose of carrying on the business of the schools; they are NOT public hearings, but meetings held in the public.

The meetings follow a standard agenda, copies of which are available to the public.

Participation of interested organizations and individuals is welcomed. Citizens may address the Board if request has been made to speak. The time allotted to speak on any item shall not exceed three (3) minutes. If an organization is being represented, the Board may allow six (6) minutes to be divided among the group. One or more persons may utilize the six (6) minutes. The president, however, shall have the discretion to increase or decrease a speaker's time and that time may vary with a consensus of the Board.

Following are additional procedures regarding participation:

Any person in attendance at a regular meeting of the Board may request, by signing the appropriate form, prior to the opening of the meeting, to speak on an agenda or non-agenda item.

All comments on the agenda and non-agenda items shall be directed to the Board as a whole, and not individual members.

It shall not be permissible to orally present or discuss complaints against individual employees of the Gary Community School Corporation at any Board meeting. Such charges or complaints shall be presented to the Superintendent of Schools for disposition.

Groups or individuals who make a prepared presentation before the Board shall provide the Superintendent with a copy of their presentation.

The Superintendent shall inform the Board of the receipt and disposition of communications from the public directed to the Board through the Superintendent.

***** Any person desiring to address the Board of School Trustees on an agenda or non-agenda item(s) MUST REGISTER to do so. The appropriate registration form is available at the registration table at the entrance to the room. *****

NOTE: The Gary Community School Corporation Board of School Trustees meetings are being held in compliance with SEA 567.
